

# HX60-R

## AUTOcrib®

The AutoCrib® HX60-R combines the reliability of the HX60 with a climate-controlled refrigeration system for temperature-sensitive items. It's ideal for managing adhesives, chemicals, food-safe consumables, or medical supplies that require consistent cooling.

The HX60-R maintains internal temperatures down to -17°F (-27°C) and operates in environments up to 100°F (38°C). A 1/3 HP sealed compressor and electronically controlled airflow ensure uniform temperature across all trays.

The HX60-R features a 10.1-inch touchscreen interface for simple navigation, customizable tray configurations, and the Golden Eye™ verification system to ensure every item is dispensed accurately. Each transaction is tracked in real time, providing complete visibility and accountability across your operation.

## Technical Specifications

Color	Black
Electrical Requirements	115 VAC/60 Hz, 9.5 AMPS
Refrigeration	Super 1/3 HP, R-134a or R-513a Closed System
Selections	Configurable up to 60 items
Capacity	<p>*Typical capacity 664 items</p> <p>*Capacity varies with tray configurations</p>
Communication	Web-based (CAT5E)
Standard Features	<p>10.1" Touch Screen Interface</p> <p>Golden Eye™ system ensures vend every time.</p> <p>LED Interior Lighting</p> <p>Refrigeration System</p>
Options	<p>Badge Reader, (Bar Code Scanner; PROX Card Reader)</p> <p>Custom Graphic Wrap</p> <p>Wi-Fi Kit</p> <p>Add-on Lockers</p>
Dimensions	<p>Height: 72" (183 cm)</p> <p>Width: 41" (104 cm)</p> <p>Depth: 38" (96.5 cm)</p>
Weight	<p>*838 lbs. (380.11 kg)</p> <p>*Varies with configuration and options.</p>
